Torque Converter Removal and Holding Fixture Installation

Callout

- 1 Torque Converter Assembly
- 2 Transmission Converter Cover
- 3 Transmission Cover Bolt
- 4 Transmission Case Assembly

Component Name

Procedure

1. Rotate the transmission so that the converter housing is up and secure with locking pin.
2. Allow any remaining transmission fluid to drain from the case extension.
3. Some transmission cases will not have the boss to enable the use of *DT-48989* holding fixture.

4 Special Tools
